DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-5, 13-35, 43-58 and 66-75 are rejected under 35 U.S.C. 102(b) as being anticipated by Von Kohorn (USPN 5283734).

Regarding claims 1-5, 22-35 and 52-58, Von Kohorn discloses, in col. 9:27-67 and col. 10:1-25, a method of playing a pari-mutuel betting game between a plurality of players, the pari-mutuel betting game based on events unfolding during a live sporting event, a principal objective of the game to acquire the largest number of betting tokens by the end of the sporting event and allocating betting tokens to each of the players prior to commencement of the sporting. Von Kohorn discloses, in col. 10:35-67 and col. 12:1-67, conducting a plurality of betting events, the betting event based on a bettable event occurring during the sporting event, selecting a betting event, opening a betting line for the betting event, allowing the players an amount of time within which to selectively bet tokens on the possible outcomes of the betting event and freezing tokens be on the open line such that the frozen tokens are not available for further betting until a payoff has been made. Von Kohorn discloses, in col. 11:1-67 and col. 13:1-25, closing the betting line, monitoring the sporting event until a termination event occurs with regard to the betting event, terminating the betting event upon occurrence of the termination event for the betting event and paying winners of each betting event. Von Kohorn discloses, in col.

9:27-67, col. 13:1-57 and col. 14:1-25, allocating bonus tokens, only one betting line is open at one given time, a new betting line is open at any given time or whenever a prior betting line closes and each of the players can place multiple bets on any open betting line. Von Kohorn discloses, in cols. 13-15, all the electrical components utilized to run the betting event. Von Kohorn discloses, in col. 14:45-67, col. 16:1-67 and col. 18:1-67, customizing a set of house rules for a private group, selecting a private group through a browser, running a plurality of betting games simultaneously, assigning identification numbers to the players and a wireless internet.

Regarding claims 13-21, 43-51 and 66-75, Von Kohorn discloses a football, baseball tennis soccer, basketball hockey and horse racing events. Von Kohorn discloses, in col. 21:1-25, col. 22:47-58 and col. 23:1-25, bonuses on lines decrease in value as the race progresses, such that players who bet correctly in the race have an advantage over players who correctly later in the race, the players pay money to a gambling establishment in exchange for the allocation tokens and the gambling establishment retains a percentage of tokens bet on the betting lines. Von Kohorn discloses, in col. 27:1-25, col. 29:14-67 and col. 33:1-45, at least some of the lines open at random points in time so as to add uncertainty as to when a line will close and thereby provide an incentive to place bets early in a given line and placing bets on events that occur in a baseball, football, basketball, hockey, tennis and racing.

Allowable Subject Matter

Claims 6-12, 36-42 and 59-65 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
